THE STATE OF SOUTH CAROLINA

ANNUAL SCHOOL REPORT CARD 2004

ABSOLUTE RATING:

EXCELLENT

Absolute Ratings of Elementary Schools with Students like Ours

Excellent Good Average Below Average Unsatisfactory

8 54 31 0 0

IMPROVEMENT RATING:

EXCELLENT

The school's Improvement rating was raised one level because of substantial improvement in the achievement of students belonging to historically underachieving groups of students.

ADEQUATE YEARLY PROGRESS:

YES

This school met 21 out of 21 objectives. The objectives included performance and participation of students in various groups and student attendance rate.

SOUTH CAROLINA PERFORMANCE GOAL

By 2010, South Carolina's student achievement will be ranked in the top half of the states nationally. To achieve this goal, we must become one of the fastest improving systems in the country.

REPORT OF PRINCIPAL AND SCHOOL IMPROVEMENT COUNCIL

2003-2004 was an exciting year of growth and change for Myrtle Beach Intermediate School. Everyone worked together toward ensuring the success of all students through our emphasis on community building and student achievement. We analyzed our progress throughout the year in order to ensure that our students were continually challenged.

All students at Myrtle Beach Intermediate spent time each day in instruction that was specifically designed for their identified performance levels. Students had many diverse learning opportunities. They participated in integrated technology projects, service learning, Accelerated Reader and DARE. Students had opportunities to learn from visitors such as an artist-in-residence who developed a music performance with our students, a celebrated author who integrated math with literature, and community members who came to read with our students. We established a business partnership who provided mentors for a number of students, and who will continue their mentorship through each student's 8th grade year.

Our school participated in Measures of Academic Progress, a diagnostic tool that allowed us to measure students' progress continually throughout the year. Myrtle Beach Intermediate was one of two elementary schools in the district to meet and/or exceed our growth goals in all three areas of math, reading and language arts.

School-wide professional development for teachers included weekly team planning times, which focused on improving instruction and student achievement in reading comprehension and district training on reading comprehension. A significant number of teachers completed a series of graduate courses in math instruction. Fourteen teachers received endorsement to teach gifted and talented. Two teachers achieved National Board Certification, with seven more pursuing National Board Certification this year. Angie Smith was Myrtle Beach Intermediate's Teacher of the Year as well as one of the top ten teachers for Horry County Schools.

The PTO worked closely with us this year providing playground equipment as well as a marquee for the front of the school. In addition, they sponsored our annual science festival, provided the opportunity for our artist in residence, and provided awards for students each week on Spirit Day.

The Myrtle Beach Intermediate School family is proud to celebrate the successes of 2003-2004.
